

Press Release

The Outer Banks JobBank

<http://www.obxjobbank.com>

April 21, 2009

RAI announced today the activation of the new Outer Banks JobBank Internet site. The Outer Banks JobBank is **FREE** to both Outer Banks employers and to job seekers. Located at <http://www.obxjobbank.com> this unique service offers Outer Banks employers the opportunity to place available positions on-line along with their corporate profile and application form for

review by potential applicants. Employers can post jobs, manage job posts, review résumés and manage company information.

Job Seekers can create, maintain and update their résumé on-line, print it out and/or e-mail it to prospective employers. Job Seekers may allow their résumé to be viewed on-line by Registered Employers after login.

The Outer Banks JobBank is provided by RAI as a public service. RAI is the originator of [The North Carolina's Outer Banks Internet Initiative](#) and Internet host for the [Outer Banks Chamber of Commerce](#). RAI is an ASP (Application Service Provider) providing full support hosting and application services to businesses including high speed digital connections for the web, DNS services, state-of-the-art internet virtual hosting, domain registration, database and site design, electronic commerce, e-mail systems and marketing. RAI's specialty is designing custom database driven applications for their client companies. Their corporate site can be found at <http://www.eastcarolina.net>.

Outer Banks Employers may post available Jobs beginning today. Employers may use the graphic at <http://www.outer-banks.com/images/jobbank.gif> with a link to <http://www.obxJobBank.com> if they choose. Questions may be directed to RAI at info@eastcarolina.net
